Work for Impact / Product Designer (UX)

Remote | Apr 2019 - Aug 2021

First designer hire, created the company's branding and interface design. Dedicated to scaling the platform, create new features manage the design system and provide design assets to all the different teams.

Leaven Lab / Freelance Designer (UX/UI/ID)

London + Athens | May 2014 - present

Leaven Lab is my freelance design practice, dedicated to UX/UI design, branding services and new product development. Working with local and international clients. Worked with companies in HK, USA, Canada & UK

Precipice Design / Freelance Designer (ID/GD)

London | Feb. 2015 - May 2015

In-house contractor working on packaging and visual design projects.

Brunel University / Rapid Visualization Tutor

London | Sep. 2014 - Jan. 2015

Part of a two person team, co-creating and co-facilitating sketching workshops. Run weekly, for half a term, for ~100 second year students of the BA/BSc Industrial Design course.

LA Design / Industrial Designer

Berkhamsted (UK) | Dec. 2012 - May 2014

A collaborative role within one of the UK's leading Industrial Design firms. Involved in the design and development of many B2B products in a plethora of sectors. From Lighting Design to Non-destructive testing, Retail, Industrial Safety and Maritime industries.

Tao Design / Industrial Designer

Hangzhou (CH) | June 2010 - May 2011

Research, design and development of consumer and business products for leading Chinese brands. Worked in multidisciplinary, multicultural teams in a unique fast paced environment. Corporate clients included: Joyoung, Robam, Kaibo, Nuctech, Lenovo.
